DATA SHEET

FIBROTECH HEXAGON

With FibroTech Hexagon you can decorate your wall - or your ceiling, however you want. The hexagons come in 4 colors with 18 pcs. of the same color in each box. They are based on our MultiFin woodwool cement boards with 1 mm woodwool, a total thickness of 25 mm and bevel of 5 mm - and they are very easy to set up with FibroTech Assembly Adhesive. Create a beautiful, unique and personal expression – and draw attention to your home in a good way.
